■ DRAFT DOCUMENT — This SAR draft must be reviewed by a qualified compliance officer before filing. Official SAR filing must be completed through the BSA E-Filing System at bsaefiling.fincen.treas.gov. This document alone does not constitute a filed SAR.

SAR Reference:	SENTRYPAY-A91CC198	Date Generated:	June 04, 2026
SentryPay Case ID:	a91cc198-be1e-4039-95df-c13c282c7a7e	Reporting System:	SentryPay v1.0
Confidence Score:	95%	Verdict:	BLOCK — Payment Halted

1. SUSPICIOUS ACTIVITY DESCRIPTION

Fraud Pattern Identified: Business Email Compromise

Agent Analysis:

The payment request strongly matches the 'Business Email Compromise' typology (score 0.8272) due to its urgent, confidential nature and instruction to bypass usual finance channels. The email explicitly requests secrecy, a classic social engineering tactic. Furthermore, the requested amount of \$32,500 is highly anomalous for this user, significantly exceeding their normal payment patterns.

Red Flags Identified:

- Strong typology match for Business Email Compromise
- Urgent and unusual payment request
- Request to keep payment secret from colleagues
- Anomalous payment amount for the user

2. TRANSACTION DETAILS

3. ORIGINAL COMMUNICATION

The following email or message triggered the payment request:

Sarah,

I need a wire transfer processed today before 4pm for \$32,500 to close an acquisition deal. This is highly confidential – please do not discuss with anyone else on the team or with our usual finance contacts.

Send to:

Beneficiary: Apex Acquisitions LLC

Account: US11SHELL00000099887766

Routing: 021000089

I'll explain everything in our 1:1 tomorrow. Just get this sent today.

Thanks,

James

CEO

4. RECOMMENDED NEXT STEPS

1. Do NOT execute the blocked payment.
2. Contact the purported sender through a VERIFIED channel (known phone number, not email) to confirm the request.
3. Preserve all communication records related to this request.
4. Review and complete this SAR draft.
5. File the completed SAR through the BSA E-Filing System within 30 days of detection (or 60 days if no suspect identified).
6. Notify the sending institution if a wire transfer was already initiated.
7. Recommended action per agent: Block the payment immediately. Contact James via a known, verified channel (e.g., phone call to a number on file, not replying to the email) to verify the request. Educate Sarah on Business Email Compromise red flags.
